

JULY 8-12
AND JULY 15-19

SCIENCE · THEATRE · ARTS

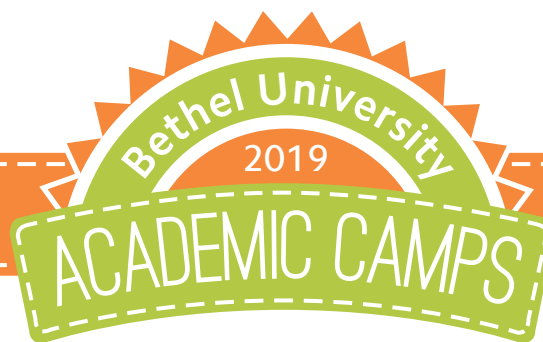

JOIN US!

Bethel's academic camps give campers, from age 9-14, the chance to explore their interests with college professors, instructors and leaders who channel their knowledge into a fun, hands-on learning experience. Make new friends and explore with us!

SCIENCE CAMP

CHEMISTRY CAPERS

DR. BETH KROA, Ph.D., ASSISTANT PROFESSOR OF CHEMISTRY

Goggles and grime, let's solve a crime! Have you ever wondered why fireworks display many colors when they ignite? Do you ask yourself why you have to sort the different kinds of plastics in recycling centers? Through hands-on learning, student teams will conduct experimental activities to understand the causes, effects, and variables involved in some of these questions, among others. These students will not only be having fun each day, but training to "fight crime." The fifth and final day, the students will solve a "Whodunit" scenario by incorporating the information and techniques they used during the week to put the Pilot Prankster in his or her place.

July 8-12 9 a.m. - Noon ages 9-14 Cost: \$110

SCIENCE SMACKDOWN

DR. BETH KROA, Ph.D., ASSISTANT PROFESSOR OF CHEMISTRY

Are you ready to rumble? Student teams will be assigned a daily task related to chemistry, physics, or engineering to be completed in two hours. Can your team build the bridge with the lightest mass that holds the heaviest load? Who will dominate the trebuchet launch? Which team will create the chemical volcano that spews the tallest eruption? Using an inquiry-based approach, students will unfold the underlying scientific principles governing their task with the guidance of faculty. These tasks are just ideas to whet your appetite. The REAL tasks will be revealed when you arrive each morning! Friday, a Science Smackdown Stage is planned for students to demonstrate their most impressive findings.

July 15-19 9 a.m. - Noon ages 9-14 Cost: \$110

THEATRE CAMP

DEB SWERMAN, M.F.A., DIRECTOR OF ACTING AT BETHEL COLLEGE

PATRICK SWEENEY, ASSISTANT, MUSIC TEACHER AND CHOIR DIRECTOR AT EDISON LAKES MONTESSORI

Do you enjoy the world of make-believe? Do you enjoy exploring different characters and personalities? Would you like to build your confidence and make new friends? Join us this summer in learning new games and exercises that help build on your own natural creativity. We will explore the world of improvisation as well as delve into short scenes and playlets. Let's bring out your inner actor!

July 8-12 9 a.m. - Noon ages 9-14 Cost: \$110

MUSICAL THEATRE

DR. JESHUA FRANKLIN, D.M.A., CHAIR OF MUSIC DEPARTMENT

KAREN PAJOR, BETHEL DANCE INSTRUCTOR, CHOREOGRAPHER

Do you find yourself singing and dancing at every opportunity? Have you dreamed of making it to the stage? Make your summer dazzling by participating in Musical Theatre Camp. Vocal coaching and energizing choreography all come together in this week of Broadway fun! Students will experience a variety of music and dance styles, learn to perform with others and make new friends! A performance for family and friends will round out the week.

July 15-19 9 a.m. - Noon ages 9-14 Cost: \$110

ART CAMP

DRAWING

REBEKAH GOODWIN, B.A. IN GRAPHIC ARTS

In this Art Class you will use your natural creative talent to draw what you see! You will practice basic drawing techniques to get you started, get out in nature to gain inspiration and finish off the week with your very own project. Learn how your drawing abilities can open doors to a world of imagination!

July 8-12 9 a.m. - Noon ages 9-14 Cost: \$110

GRAPHIC DESIGN

ZAC NELSON, BETHEL GRAPHIC ARTS GRADUATE, GRAPHIC ARTS DESIGNER AND ARTIST

Graphic Art is integral in creating movies, video games, cartoons, comic books and more! At this camp, students will get to examine their favorite movies, cartoons, and video games to learn about logos, branding, marketing, and visual storytelling. By the end of the camp each student will have created an original character design and brand concept for that character.

July 15-19 9 a.m. - Noon ages 9-14 Cost: \$110
